MEMORANDUM OF UNDERSTANDING for
 Health Care Collaborative of Rural Missouri (HCC) and
 Live Well Community Health Centers (LWCHC)

Health Care Collaborative (HCC) of Rural Missouri serves as the backbone organization to support the members of our Rural Health Network. HCC works to identify healthcare and social service resources in the areas that we serve in an effort to close the gap for individuals with little or no healthcare insurance. This memorandum of understanding is between HCC of Rural Missouri and Orrick School District (organization). The purpose of this memorandum of understanding is to document the intent of both agencies and to clarify the roles and responsibilities regarding collaboration with Orrick School District employees to better serve their current clientele.

Both parties agree and understand that no employee/employer relationship exists between the parties. Likewise, each party is responsible for any and all taxes, insurance, and other liabilities related to employment of employees of their respective organizations. Such item shall include, but are not limited to, payroll taxes and liability arising from employment laws such as minimum wage.

HCC agrees to the following:

- Provide a licensed nurse to support school based services including telehealth integration at a rate of \$21 per hour.
- Communicate with Orrick staff on needs, issues and resolutions as needed.
- Invoice the district in a timely manner.

Organization agrees to the following:

- Provide information regarding any changes to the needs of the district in a timely manner.
- Communicate with HCC staff on needs, issues and resolutions as needed.

This agreement can be suspended, canceled or terminated by either part at any time, with a 30-day notice. As evidenced by the signatures below, this is a true and accurate account of the understanding of the parties regarding this project.

 Scott Archibald, Superintendent
