

Free Flu Vaccines at [LOCATION] Schools

All students at participating [LOCATION] elementary and K–8 schools can get the flu vaccine free—with or without insurance.

Safe

[VACCINATORS] give the flu vaccines during the school day. It's the same flu vaccine your student would get from your regular health care provider.

Easy

The vaccine is the best way to protect your student against the flu. Students only need a completed consent form to participate.

Convenient

The whole process takes place during school hours, so there's no need to make an extra trip or take time off from work.

Return your student's consent form today.

Print the form at [WEBSITE] or call
